

i-checkout

Fast and reliable RAIN RFID Self Checkout

Self checkout system that quickly reads
Smart RFID tags in your store

The i-checkout reader is designed for use where large numbers of
RFID tagged items require identification and tracking quickly and
accurately.

Built-in computer and large touch screen allows easy integration
with existing data management and work flow.

It is the most important device for the rapid sale of products in
your store.

Key features:

-  Fast and accurate reading
-  Built-in computer and touch screen
-  Easy integration
-  Ethernet, WiFi connectivity
-  Affordable price

Disclaimer: Our company, reserves the right to change its products and services at any time without notice. Our recommendations are based on our best knowledge and experience. As the products are used beyond our control we cannot be held liable for any damages caused when using the product. Use extra care in handling the product and observe standard storage and handling practices to minimize ESD (electro static discharge). This technical specification replaces all earlier ones.

Technical Features:

Protocol	EPC Class1 Gen2/ISO 18000-6C
Frequency Range	860 - 960 MHz
Max TX Power	31 dBm
RX Sensitivity	typ. -80
Antennas	2 x Circular polarized
Read Rate	300 tags / second
Communication	Ethernet, WiFi
Power Input	110 - 230 VAC
Power Consumption	120 W max
Touch Screen	15.6 in
Dimensions	1520 x 400 x 550 mm
Operating Temperature	-20°C to 60°C

Dimensions:

Overview:

Frequency Band
UHF 860-960 MHz

International Standards

ISO/IEC 18000-6C
EPC Global Class 1 Gen 2
